

ASSOCIATE OF SCIENCE IN ALLIED HEALTH RADIOLOGIC TECHNOLOGY

DESCRIPTION:

In the Radiologic Technology program, students will attend prerequisite and liberal arts courses online through Widener, and complete the program's core classes and clinical training in radiologic technology at Crozer and its clinical affiliates. Crozer is the hospital located a few blocks from Widener's main campus. The goal of the program is to prepare students for a career in diagnostic radiology in a hospital, private practice, public health, or military setting. Students will graduate ready to sit for the [American Registry of Radiologic Technologists \(ARRT\)](#) certificate exam.

Please visit the [Academic Catalog](#), [Widener University website](#), and/or [Crozer Health website](#) for more information:

PROGRAM HIGHLIGHTS:

- The Widener/Crozer Radiologic Technology program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT) under the guidelines of the U.S. Department of Education.
- Program core courses and clinical instruction runs full-time, year-round for 24 consecutive months.
- The clinical cohorts begin every July and January. The application deadline for the July cohort is February 15th, and the application deadline for the January cohort is August 1st.
- Generally, students will meet from 8:00 am to 4:00 pm, with exceptions pertaining to evening clinical rotations towards the end of the program.
- Integration of didactic and clinical training begins on the first day of clinicals with over 2,000 total hours from experienced professionals.
- The program has existing partnerships with Bloomsburg University, Immaculata University and Gwynedd Mercy University.

GPA REQUIREMENTS:

GENERAL REQUIREMENTS		
REQUIREMENT	MINIMUM GPA	COMMENT
Minimum Overall GPA	2.5
